

# Policy Officer

FF17 Legal, policy and public administration · ISCO-08 2422 · CBS 0414 Beleidsadviseurs · seniority junior ·  
Also known as: Policy Officer, Policy Assistant

Gathers information, conducts research and drafts policy memos in preparation of policy, under direction of a policy advisor or manager.

The policy officer prepares the factual and legal foundation of policy documents but does not yet set policy direction themselves. Unlike the policy advisor, they work mainly in an executing role under direction of a senior colleague or manager. Selection often tests writing skill separately from political and administrative sensitivity, while that combination determines whether a draft memo is usable for a decision maker.

## Key figures for this profile

23 skills · 6 competencies to measure · 4 knockout skills · centre of gravity: Professional knowledge domains 21%, Cognitive ability and problem solving 20%, Communication and influence 20%

## 1 Competencies to measure

These are the behavioural and ability constructs in this profile. Each one shows which hrmforce questionnaire measures it.

| Competencies to measure                                                                         | Target level                                                                                  | hrmforce instrument                                                        | Assessment method           | Behavioural anchor at target level                                                                        |

## 4 The proficiency scale

| Level     | Label             | Autonomy                                        | Complexity                                 | Scope                                   | Depth of knowledge                           |
|-----------|-------------------|-------------------------------------------------|--------------------------------------------|-----------------------------------------|----------------------------------------------|
| <b>N1</b> | <b>Guided</b>     | works under supervision and follows instruction | routine, one variable at a time            | own task                                | basic understanding of terminology           |
| <b>N2</b> | <b>Applying</b>   | works independently within set frameworks       | familiar situations with limited variation | own role                                | working knowledge, applies standard approach |
| <b>N3</b> | <b>Proficient</b> | sets own approach and seeks input proactively   | several variables, some ambiguity          | own team or process                     | thorough knowledge, weighs alternatives      |
| <b>N4</b> | <b>Advanced</b>   | directs others and decides on the approach      | complex, with conflicting interests        | several teams or a department           | in-depth knowledge, advises others           |
| <b>N5</b> | <b>Leading</b>    | sets the standard and the policy                | strategic, under high uncertainty          | organisation, value chain or profession | authority, advances the profession           |

## 5 Behavioural anchors per skill

Anchors sit at N1, N3 and N5. N2 and N4 are deliberately not anchored: raters interpolate between them, following the O\*NET convention.

| Skill                                                                                                                                                                            | N1                                                                                                          | N3                                                                                                                              | N5                                                                                                                                              |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Critical thinking and source evaluation</b><br>Tests claims for logic, evidence and the interest of the source and thereby distinguishes facts from opinions and assumptions. | Asks what a claim is based on and checks whether the source is named and can be found.                      | Detects fallacies and selective evidence in reports and states which conclusion the data do support.                            | Sets the assessment criteria for sources and claims, including for texts made by artificial intelligence, and enforces them organisation wide.  |
| <b>Business reporting</b><br>Bringing findings, figures and recommendations together in a report that leads the reader to a decision or next step in one reading.                | Fills in an existing report template with the correct figures and describes per section what has been done. | Builds a report from question to conclusion, separates fact from interpretation and phrases recommendations with a named owner. | Sets the reporting line for the whole organisation, tests the quality of steering information and accounts for outcomes to board and regulator. |

| Skill                                                                                                                                                                                            | N1                                                                                                            | N3                                                                                                                                      | N5                                                                                                                                                           |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>integrity and dependability</b><br>Acting in line with applicable standards and agreements, also without supervision, and being transparent about own interests, mistakes and doubtful cases. | Keeps to agreements and rules of conduct made and reports an own mistake to the manager.                      | Reports a possible conflict of interest on own initiative and asks for review before a decision is taken.                               | Sets the organisation's integrity standards, enforces them also with influential parties and explains the resulting choices publicly.                        |
| <b>Legal analysis</b><br>Reduces a case to the legally relevant facts, looks up the applicable rules and case law and arrives at a substantiated position.                                       | Looks up the applicable statutory article for a simple question and summarises its content in own words.      | Independently analyses a case with conflicting interests, weighs the case law and advises in writing on the line to take.               | Determines the organisation's legal line on matters of principle and shares knowledge of the field of law with the profession.                               |
| <b>Applying legislation</b><br>Applies laws, decrees and policy rules to individual cases, weighs exceptions and records the reasoning behind the decision.                                      | Applies the fixed decision rules to a standard case and refers doubtful cases to an experienced case handler. | Independently assesses an application with exceptional circumstances, weighs discretionary room and motivates the decision traceably.   | Sets policy rules and work instructions for implementation and decides on application questions that set precedent.                                          |
| <b>Verbal reasoning</b><br>Understands written and spoken language and draws logical conclusions from it, also when the text is long, dense or ambiguous.                                        | Summarises a short work instruction in own words and points out which word or sentence remains unclear.       | Extracts the core arguments from a report of several pages and shows with textual references which conclusion does and does not follow. | Dissects legal or policy texts with conflicting passages, reformulates the central question and substantiates the chosen reading for the whole organisation. |
| <b>Policy development</b><br>Develops policy through problem analysis, exploration of options, consultation of stakeholders and elaboration into goals, instruments and evaluation.              | Collects figures and documents for a policy exploration under guidance and summarises the findings briefly.   | Independently elaborates a policy proposal with options and expected effects and organises consultation of the parties involved.        | Sets the policy course for a domain, connects parties in the chain and has the effects evaluated systematically.                                             |
| <b>Judgement under uncertainty</b><br>Weighs the possible explanations when data are missing or conflicting and reaches a reasoned judgement while stating the remaining uncertainty.            | Indicates which data are missing when in doubt and proposes a provisional judgement to the manager.           | Forms a judgement on incomplete files, names the assumptions used and states which new fact would change that judgement.                | Judges in situations of high uncertainty and opposing interests, accounts for this publicly and revises the judgement on new evidence.                       |

| Skill                                                                                                                                                                                  | N1                                                                                                                    | N3                                                                                                                                        | N5                                                                                                                                                       |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Advisory skill</b><br>Sharpening the question of a client and delivering a well founded recommendation in a way that the receiver adopts and implements it.                         | Supplies requested information and explains a standard recommendation following the fixed structure used by the team. | Reframes the question behind the question, offers two supported options with consequences and agrees a decision moment.                   | Advises the board on issues with conflicting interests, challenges established assumptions and safeguards the quality of advice across the organisation. |
| <b>Stakeholder management</b><br>Mapping who has an interest in an initiative and maintaining contact with those parties so that decisions keep their support.                         | Maintains a list of those involved and informs them about progress according to the agreed rhythm.                    | Assesses influence and interest per party, chooses a fitting form of contact and discusses conflicting wishes before a decision is taken. | Maintains a network reaching governance and political bodies, connects parties with differing interests and safeguards the position of the organisation. |
| <b>organisational awareness</b><br>Recognising how formal and informal relations, interests and decision making work in the organisation and taking these into account in own actions. | Asks who needs to be involved in a topic before a proposal is shared with others.                                     | Assesses which interests a proposal touches, involves the right people beforehand and chooses a suitable moment to raise it.              | Sees through relations between organisational units and external parties and steers decision making by organising support at an early stage.             |
| <b>Systems thinking</b><br>Describes how parts of a process or organisation influence each other, including feedback, delay and unintended effects.                                    | Names who or what depends on the own task earlier and later in the process.                                           | Maps the chain around a bottleneck, points out the feedback loop and predicts the effect of an intervention.                              | Models the interplay between departments, market and regulation and shifts the intervention to the point with the greatest leverage.                     |
| <b>Editing and plain language</b><br>Shortening, reordering and rewriting existing texts in plainer language without losing content, nuance or legal meaning.                          | Removes redundant words and repetitions from a text and corrects spelling according to a given checklist.             | Rewrites a formal letter to plain language level B1 and explains to the author which choices were made.                                   | Introduces an organisation wide plain language approach, measures readability of core products and adjusts standards based on user testing.              |
| <b>independence</b><br>Forming and maintaining an own position on the basis of own judgement, even when the environment or an authority expects something different.                   | Forms an own opinion on a familiar issue and compares it with the advice of a colleague.                              | Takes a decision that departs from the group line, explains the reasoning behind it and accepts the consequences.                         | Protects own professional judgement against pressure from stakeholders in senior forums and makes dissenting positions traceable and explainable.        |

| Skill                                                                                                                                                                                               | N1                                                                                                                          | N3                                                                                                                                 | N5                                                                                                                                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Professional currency and specialist literature</b><br>Follows developments in the own profession through literature, guidelines and networks and works relevant new insights into own practice. | Reads the professional information received and names which part matters for the own work.                                  | Tracks sources and guidelines structurally, weighs their quality and adapts the own working method to new insights.                | Assesses the state of the field, weighs conflicting research and determines which guidelines the organisation will follow from now on. |
| <b>Searching and evaluating digital information</b><br>Searches digital information with suitable search strategies, judges source and currency and records where information was found traceably.  | Searches with given search terms in the designated sources and reports what was and was not found.                          | Combines search terms and filters across several sources, weighs source reliability and justifies the selection made.              | Develops search and evaluation standards for the profession and trains others in weighing digital sources.                             |
| <b>Data analysis</b><br>Prepares and analyses data sets to find patterns, relationships and outliers and connects the outcomes to the original question.                                            | Carries out a predefined analysis step on a supplied data set and records the outcome in the agreed format.                 | Selects analysis methods for an open question, turns raw data into a working file and supports every conclusion with figures.      | Sets the organisation's analysis standards, reviews the analyses of others and establishes new analysis methods in the profession.     |
| <b>GDPR and privacy in practice</b><br>Knows privacy legislation requirements for own work, which legal basis and retention period apply and recognises when notification is required.              | Processes personal data only according to the applicable work instruction and refers doubtful cases to the privacy officer. | Judges in own processes whether a legal basis exists, applies data minimisation and handles requests from data subjects correctly. | Sets privacy policy, decides on high risk processing operations and represents the organisation towards the supervisory authority.     |
| <b>Basic contract law knowledge</b><br>Knows the main rules on offer, acceptance, breach of contract and general terms and recognises when legal advice is needed.                                  | Uses the standard agreement of the organisation and refers deviating clauses to a legal adviser.                            | Assesses contracts on liability, termination and payment and proposes amendments within the own mandate.                           | Sets the contract templates and legal frameworks of the organisation and decides on deviations with major risk.                        |
| <b>Complying with sector regulation</b><br>Knows the laws, standards and supervisory requirements of the own sector and organises the own work and records accordingly.                             | Works according to the applicable sector rules and checks which rule applies to a new situation.                            | Translates changed regulation into the own work instructions and checks whether the records meet the requirements.                 | Tracks regulation for the whole organisation, drafts policy when requirements change and holds the dialogue with the supervisor.       |

| Skill                                                                                                                                                                                          | N1                                                                                                    | N3                                                                                                                                     | N5                                                                                                                                          |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Public governance decision making</b><br>Prepares decisions for a board or council with memoranda, options and consultation, taking political, legal and financial frameworks into account. | Drafts a memorandum under guidance in the standard format and collects the annexes the file requires. | Independently prepares a decision with clear options, aligns with the departments involved and anticipates questions from the council. | Determines the governance agenda and the quality requirements for decision making and advises officeholders on politically sensitive files. |
| <b>Stress tolerance</b><br>Keeps delivering work of the same quality under time pressure, opposition or unexpected turns and maintains a businesslike tone with others.                        | Keeps working on the current task as pressure rises and asks the supervisor which task can wait.      | Keeps working in a structured way at peak load, keeps agreements with clients clear and flags early which results are at risk.         | Keeps the organisation workable in crises, takes decisions under high uncertainty and sets the standard for composed action under pressure. |
| <b>Planning own work</b><br>Translates own work into a plan with steps, interim results and lead times, and tracks progress against that plan throughout the period.                           | Fills in a pre structured weekly schedule and discusses with the supervisor which step to take first. | Builds an own plan with milestones and dependencies, checks progress weekly and revises the plan when actual progress deviates.        | Introduces planning methods that are adopted across the discipline and decides how capacity is distributed over multi year work streams.    |

## 6 Assessment methods and validity

The validities are the corrected meta-analytic estimates from Sackett, Zhang, Berry and Lievens (2022) in the Journal of Applied Psychology, which replace the older Schmidt and Hunter (1998) figures. The spread matters as much as the mean: with a high SD, validity varies strongly by context.

| Assessment method           | rho  | SD   | What it is                                                                         |
|-----------------------------|------|------|------------------------------------------------------------------------------------|
| Werkproef                   | 0.33 | 0.09 | The candidate performs a representative work sample under standardised conditions. |
| Persoonlijkheidsvragenlijst | 0.40 | 0.15 | Self-report of behavioural preferences. At hrnforce the Big Fifty and the 15PF.    |
| Kennistoets                 | 0.40 | 0.13 | Test of declarative job knowledge, usually assembled per client.                   |
| Cognitieve capaciteitentest | 0.41 | 0.14 | Standardised test of verbal, numerical or abstract reasoning.                      |
| Portfolio/bewijsstuk        | -    | -    | A collection of prior work or results, assessed against fixed criteria.            |
| Situational Judgement Test  | 0.12 | 0.11 | Scenario with response options, scored on knowledge or behavioural tendency.       |
| Assessment center           | 0.29 | 0.09 | Multiple exercises, multiple assessors, dimension-wise scoring.                    |

## 7 Assessment instruments for this job

| hrnforce instrument            | Skills | What it measures                                                 |
|--------------------------------|--------|------------------------------------------------------------------|
| Competency Check               | 10     | Competentiebeoordeling op gedragsniveau                          |
| Werkproef                      | 7      | Representatief werkfragment onder gestandaardiseerde condities   |
| Kennistoets (klantspecifiek)   | 6      | Toets van vakkennis, per klant samengesteld                      |
| 360 Feedback                   | 4      | Meervoudige beoordeling op gedragsankers                         |
| Big Fifty                      | 4      | Persoonlijkheidsvragenlijst, 150 items, 25 factoren              |
| Ability Scan                   | 3      | Capaciteitentest: verbaal, numeriek en abstract redeneervermogen |
| Portfolio                      | 3      | Beoordeling van eerder werk tegen vaste criteria                 |
| Structureerd interview         | 2      | Gedragsgericht interview met vaste opzet                         |
| 15PF                           | 2      | Persoonlijkheidsprofiel, korter alternatief voor de Big Fifty    |
| Big Fifty (schaal Integriteit) | 1      |                                                                  |

| hrmforce instrument       | Skills | What it measures                          |

| Mentale Weerbaarheid (4C) | 1      | Mentale weerbaarheid volgens het 4C-model |

## 8 How to use this profile

1. Agree the profile with the hiring manager before the first candidate is measured. Weights shifted afterwards make the outcome indefensible.
2. Choose the assessment method per skill from the Assessment method column. Combine at most three methods per candidate.
3. Calibrate the assessors in a two-hour session using the anchors in chapter 5. Anchors without rater training deliver little.
4. Fill in the match calculator and discuss the gaps in the development conversation. Type A and type G are selection criteria, not one-quarter development goals.
