

Practice questionnaire Big Five personality

25 example statements to get familiar with the way questions are put

Why this practice set

The hrmforce Big Five personality maps what fits you at work. This practice version lets you get to know the way questions are put and the answer categories in advance. That way you know what to expect when you fill in the real questionnaire online.

The questions in this document are examples. They do not come from the real questionnaire and your answers are not scored. There are no right or wrong answers: the questionnaire measures preferences, not performance.

How it works

You read a statement each time. For every statement you indicate how far it fits you. You choose one of the five answer categories:

Answer category	Meaning
Strongly disagree	This statement does not fit me at all.
Disagree	This statement does not really fit me.
Neutral	I genuinely sit in between here.
Agree	This statement does fit me.
Strongly agree	This statement fits me completely.

Tips for filling it in

- Choose the answer that comes to mind first. Thinking long rarely gives a more honest picture.
- Say what holds for you, not what you think an employer wants to hear. An honest profile helps you find work that fits.
- Does a statement not apply to your current role? Then imagine how you would work if it came up in your job.
- Use the whole scale. The middle answer is meant for statements where you genuinely sit in between.
- Filling in the real questionnaire takes about 10 minutes.
